

PORT BLAKELY
TREE FARMS LP

Integrity and Innovation since 1864

Port Blakely Tree Farms, LP allows limited public access for recreation on most of its private forestlands in accordance with the ***Port Blakely Tree Farms Public Access Policy***. Road use restrictions can change from time to time; additional restrictions are primarily driven by safety concerns that arise with forest management activities and changing environmental conditions. During the fire season, Port Blakely uses the Washington State Industrial Fire Precaution Level¹ system (IFPL) to guide access restriction decisions for their Washington lands. Daily IFPL status by region can be found at <http://www2.wadnr.gov/IFPL/ifpltoday.html> or by calling 1-800-527-3305.

On some roads, access by motorized vehicle is allowed, however subject to restrictions including closure, at the discretion of the managing forester. These roads and their access status are listed below. Road access status is subject to change without warning.

Road Access Status as of September 9, 2009:

Road	Access Status
Winston Creek 100 line	<i>Open</i>
Winston Creek 200 line	<i>Closed</i>
Winston Creek 500 line	<i>Open</i>
Landers Creek 400 line	<i>Open</i>
Cispus River 300 line	<i>Open</i>
P 1000 line (Peterman Hill)	<i>Open</i>

For all other roads, access restrictions can be found in our *Public Access Policy* on our website at www.portblakely.com/treefarms_about_neighbors_pbtf.html. Please call (360) 570-1992 to request our access policy brochure by mail.

Thank you and please make safety your number one priority in the woods and on the roads!

¹ Information on the IFPL system can be found at www.dnr.wa.gov.
